

Reglas

Une los botes según el resultado de las sumas.

The image shows a matching exercise. At the top, there are six sailboats, each with a math problem written on its sail:

- Sailboat 1: $6-3$
- Sailboat 2: $5+1$
- Sailboat 3: $4-2$
- Sailboat 4: $6-5$
- Sailboat 5: $1+4$
- Sailboat 6: $2+2$

Below the sailboats are six lifebuoys, each with a number written on it:

- Lifebuoy 1: 1
- Lifebuoy 2: 2
- Lifebuoy 3: 3
- Lifebuoy 4: 4
- Lifebuoy 5: 5
- Lifebuoy 6: 6

Yellow lines connect the sailboats to the lifebuoys based on the result of the math problem:

- $6-3 = 3$ connects to Lifebuoy 3.
- $5+1 = 6$ connects to Lifebuoy 6.
- $4-2 = 2$ connects to Lifebuoy 2.
- $6-5 = 1$ connects to Lifebuoy 1.
- $1+4 = 5$ connects to Lifebuoy 5.
- $2+2 = 4$ connects to Lifebuoy 4.
